

Horizontal Pipe Air Terminal Base

May be used with or without conductor run.

- 2223** 2" Cast bronze pipe base with 3/8" I.D. threads **WT 12.4 oz (351.5 g)**
- 2225** 2" Cast bronze pipe base with 1/2" I.D. threads **WT 1.19 lbs (0.54 kg)**
- 2227** 2" Cast bronze pipe base with 5/8" O.D. threads **WT 12.4 oz (351.5 g)**
- 2225A** 2" Cast aluminum pipe base with 1/2" I.D. threads **WT 4.4 oz (124.7 g)**
- 2227A** 2" Cast bronze pipe base with 5/8" O.D. threads **WT 4.5 oz (127.6 g)**

**Vertical Air Terminal Base**

Base has a mechanical conductor connector that allows both vertical and horizontal cable runs.

- 2303** Cast bronze base with 3/8" I.D. threads **WT 7.8 oz (221.1 g)**
- 2305** Cast bronze base with 1/2" I.D. threads **WT 7.2 oz (204.1 g)**
- 2305A** Cast aluminum base with 1/2" I.D. threads **WT 2.6 oz (73.7 g)**

**Heavy Duty Terminal Base**

A heavy duty base for vertical mounting with multiple applications. The straight base has two stainless steel set screws for clamping conductor concentric to the air terminal.

- 2313** Cast bronze base with 3/8" I.D. threads **WT 10.2 oz (289.2 g)**
- 2315** Cast bronze base with 1/2" I.D. threads **WT 9.1 oz (257.9 g)**
- 2315A** Cast aluminum base with 1/2" I.D. threads **WT 3.2 oz (90.7 g)**
